

October 8-10, 2010 Los Angeles, CA

Recalling Ancient Complementary Paths to "Knowing":
Logos, Mythos and My Personal Hypotheses

The Reconnection 8th Annual Master Conference
The Los Angeles Hilton Universal City

Talk Outline with Abundant Q and A

- What is Psychoenergetic Science vs. Today's Orthodox Science?
- What Are Humans?
- What is the whole Person?
- What is our Evolutionary Classroom?
- What is the Origin for (1) The Human Unconscious, (2) The
• Acupuncture Meridian System and (3) the Functional Level of
• Homeopathy vs. Allopathy?
- What is the origin of (1) Dark Matter and Dark Energy, (2)
Electric Planet Acceleration vs. Deceleration at the outermost
edge of the Cosmos and (3) Why is the Electric Matter/Anti-
matter Ratio Greater than Unity?
- What is the Tiller "Silver Colloid Metaphor?"
- Where Does "Reconnection" fit into the Picture?
- Where are We Going?

November 5-7, 2010 – Honolulu, HI

Psychoenergetic Science: Philosophy, Experiments, Theory and Applications

The Sixth International Conference on Bio-Energetic Medicine
Hyatt Regency Waikiki Ballroom, Honolulu, HI, USA

Talk Outline with Abundant Q and A

Lecture 1:

- What is Psychoenergetic Science vs. Today's Orthodox Science?
- What Are Humans?
- What is the whole Person?
- What is our Evolutionary Classroom?
- What is the Origin for (1) The Human Unconscious, (2) The Acupuncture Meridian System and (3) the Functional Level of Homeopathy vs. Allopathy?
- What is the origin of (1) Dark Matter and Dark Energy, (2) Electric Planet Acceleration vs. Deceleration at the outermost edge of the Cosmos and (3) Why is the Electric Matter/Anti-matter Ratio Greater than Unity?
- What is the Tiller "Silver Colloid Metaphor?"
- Where Does "Reconnection" fit into the Picture?
- Where are We Going?

Lecture 2:

- Some examples of psychoenergetic phenomena
- The psychophysiology principle and some background on human psychophysiology
- The unstated assumption of today's orthodox science
- Objectifying human intention via intention-host devices (IHDs)
- Four target experiments that change the world
- A general perspective on how an IHD changes material property values
- Some key characteristics of an IHD-conditioned space
- Conclusions

Lecture 3:

- The human condition regarding the coupled state vs. the uncoupled state
- The water $\Delta\text{pH}=+1$ unit replication experiments
- The surprising information entanglement results
- Developing a quantitative thermodynamic excess free energy measuring device
- The simplest human interaction system
- What is wrong with today's quantum mechanics (QM) and our spacetime reference frame (RF) for investigating psychoenergetic processes?
- Proposing a duplex RF for physical reality and a multidimensional RF for general reality
- The origin of the coupler medium
- Reciprocal subspaces, deltron-modulated Fourier transforms and how macroscopic information entanglement occurs

Lecture 4:

- Application to homeopathy
- Application to the placebo effect
- Application to electrodermal diagnostic system measurements
- Application to the Reconnective healing process
- Application to the healing of premature babies
- Other applications if time allows
- Personal experiences regarding one's ability to move energy, healing self, others and changing one's infrastructure
- The ladder of understanding
